

TABLAS CREEK VINEYARD

GRENACHE BLANC 2002

- *California project of the Perrins of Château de Beaucastel and Robert Haas of Vineyard Brands.*
- *Grenache Blanc is the third most planted white grape in France, but relatively unknown in the United States. Tablas Creek Vineyard was the first to bring the varietal into the United States.*
- *Vines imported from Beaucastel estate.*
- *Grown on limestone soils in the hilly Las Tablas district of west Paso Robles, chosen for its similarity to Châteauneuf-du-Pape.*
- *Organically farmed vineyard.*
- *All wines estate grown and bottled.*
- *Fermented in classic style using native yeasts.*
- ***Bright aromas of green apple and mandarin, followed by clean flavors of green apple, mineral, and peach, with a lingering finish.***
